

Information on Shipping your bitch into Canada

Bitches should be shipped to Halifax International Airport, Nova Scotia, Canada consigned to us at our address.

Presently Halifax is serviced by the following airlines. Air Canada, CanJet, Westjet, American Airlines, Continental & Delta

They will need a Rabies vaccination certificate dated within one year but older than 30 days. A health certificate dated within 7 days of shipping.

We ask that you send a letter addressed to Canada Customs stating that the bitch is entering Canada to be bred and will be returned to you in a couple of weeks.

Address an envelope to be attached to the crate by yourself or by the airline cargo agent.

Place in this envelope

1. Health certificate

2. Rabies vaccination certificate

3. the letter to Canada customs

4. a pedigree of the bitch with her registration number

5. a note stating her first day of season.

Please note that bitches sent from the United States cannot be shipped into Canada counter to counter only by Cargo as they travel in bond and have to be cleared through Canada Customs upon arrival.
